

I write to you to express my objection to Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. It is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. I feel that it is wrong for them to use public airways to present their political point of view as if it were the news. I favor balanced presentations of the candidates and their views.

I believe they should have their license revoked if they are not using public airways to educate or entertain the public!

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
